BENEFITS
FOR TRUCKING

ClearConnect Solutions Marketplace™ Partner

**HEALTH
CARE**

The BFT Difference

Health care isn't one-size-fits-all. Benefits for Trucking (BFT) has made it their mission to curate benefits and enrollment plans that meet the needs of small to mid-size trucking companies, including family-run shops and multi-state regional carriers. If you're just starting out, you can offer enrollment to as few as 2+ employees.

Health Care Plan Features

- All benefits are available for employees *and* owner-operators
- Affordable health insurance with zero deductible (Dental, Vision, Disability and Critical Illness)
- Life insurance benefits
- Flexible contributions from 0-100%
- Large nationwide health networks
- Nutrition and fitness programs by Supply Chain Fitness

With the ClearConnect Solutions and Benefits for Trucking partnership, we provide customized health insurance plans that support every driver's health care needs, and, in return, enable fleet owners to mitigate risk and keep drivers healthier, longer.

Why is Driver Health Care Important?

Statistics show driver health is at an all-time low – with obesity, diabetes, and other illnesses growing at a staggering rate. There's a huge demand to support our nation's transportation professionals with affordable and reliable health care.

Benefits for Trucking and ClearConnect Solutions are at the forefront of helping fleet owners and their drivers lead healthier, safer lives, which ultimately elevates your business AND mitigates overall risk.

Benefits for Trucking

Benefits for Trucking is a health care benefits and insurance services agency developed for the transportation industry – providing customized solutions for fleet owners and drivers.

Impact of Driver Health Care Benefits

- Minimize workers' comp claims
- Reduce driver missed-work days
- Increase driver retention
- Increase driver recruitment rates
- Improve company culture and driver morale
