

MVR Dashboard

Understand Driver Trends and Risk with a Quick-View

The Motor Vehicle Record (MVR) Dashboard gives fleets and insurers a customized dashboard of a motor carrier's driver demographics, risk-related incidents and other non-driving records.

Feature: Driver Composition
Insight: High level insight into the demographics of your fleet

**Example Dashboard View:
Driver Composition for
Entire Fleet**

Feature: Violations
Insight: Identify total number of driving violations by type from most to least

Feature: DMV Actions
Insight: Identify non-driving incidents and compliance issues
